

## Millennium Development Goals

Goal#1: A World without Extreme Poverty

What would the world be like without extreme poverty?

Today we pray for the first of the eight Millennium Development Goals: To eradicate extreme poverty and hunger.

One billion people, nearly one sixth of the world's population, wake up every morning on a dirty mattress, or no mattress at

all, and roll over to see an empty pantry with no milk or eggs. One billion people have no access to clean drinking water. The United Nations resolved to commit of 1% of the revenues of its member nations, over the next eight years, to alleviate such suffering. Through our support and our prayers, no one needs to begin their day without food or clean water.

A prayer to be used in this morning's Prayers of the People

*Almighty and most merciful God, you command us to offer food to the hungry and satisfy the needs of the afflicted: Grant that your holy and life-giving Spirit may so move every human heart; that, following in the steps of your blessed Son, we may give ourselves in the service of others until poverty and hunger cease in all the world and all things are reconciled in the reign of Christ.*

Celebrant: God of love, in your mercy

People: *Hear our Prayer*
